

# DS Lab

Order Management Software

**DNP**  
Photo Imaging

## The professional interface

DS Lab enables complete management of the workflow for dry minilabs with more possibilities. The software is embedded in the powerful and rapid DST4 terminal, with a real minilab interface and fluid workflow.

Dedicated to the operator, DS Lab, is a behind the counter solution for order management with the possibility to create value added products. DS Lab is fully compatible with SnapLab Pro customer interface embedded in the DST4 Lite Terminal, using a simple network connection.

Fully scalable, add as many ordering kiosks as necessary and up to 12 different printers\*. The best professional minilab partner!

\* USB Hub required

SCALABLE SOLUTION

MINILAB MANAGEMENT

PLUG & PLAY OPERATION

COMPATIBLE WITH  
DNP DS PRINTERS

INTUITIVE OPERATION,  
NO TRAINING

## Manage your workflow efficiently

### ENJOY ADVANCED ERGONOMY

#### Professional interface's functions

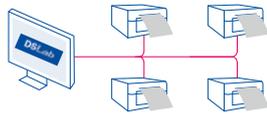

- ▶ Plug and play solution
- ▶ Manage incoming orders from both external and local terminals
- ▶ Optimize printings thanks to the management of multiple printers at the same time
- ▶ Reprint orders or reuse photos from previous orders
- ▶ Easily generate creative output formats such as calendars etc.
- ▶ Check order statistics

### CREATE YOUR TAILOR-MADE CONFIGURATION

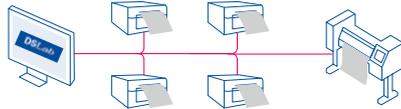

#### Build your dry minilab

DS Lab is fully compatible with the SnapLab Pro customer interface.

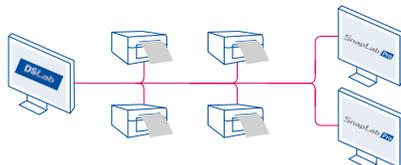

**A**  
Behind the counter with order management and creative orders
